

PRODUCT DESCRIPTION

- » For high-precision grinding, EDM and measuring work
- » Continuous parallel fine crosswise pole pitch
- » Constant adhesive force of the pole plate over the entire width, as well as on the longitudinal surfaces
- » Allows universal clamping of very small to large workpieces of any thickness
- » Waterproof design
- » Reinforced gearshift lever

MATERIAL

- » Lamella made of 0.5 mm brass / 1.5 mm steel

INCLUDED IN THE DELIVERY

- » Includes long and short stops, clamping claws and wrench
