

### PRODUCT DESCRIPTION

» For ISO metric threads with inner coolant supply

### MATERIAL

» Carbide, TiCN coated

1) Vc: cutting speed (m/min.)

2) f: feed per cut (mm per tooth)

» 52 HRC: The thread has to be machined in 3 equal sized infeeds.

» Use external coolant for through-hole threads.

**i** You can find further materials and cutting values in the cutting data calculator.
